GORDANA VUKMIROVIC

I'm currently a first year student of the Master applied studies in Computer Engineering at the School of Electrical and Computer Engineering. I am an active member of student organisation and president of Students parliament of Academy of technical and art applied studies in Belgrade.

I have no work experience in the programming field, however, I'm highly motivated to be a part of the team, to be a part of the realization of real projects, and to perfect the acquired knowledge by doing so.
